M/s. NARENDRA ELECTRIC CORPORATION is group of technocrats establish in 1997 by Late Mr. Rajesh Jani. Since 2011, **M/s.NARENDRA ELECTRIC CORPORATION** is leaded by **Mr. Vivek Jani**. In last 24 years, Honors wide range of experience and support of staff members this firm growth is good. We are having exposure of state of art technologies available in today's engineering environment in the field of thermal/electrical energy conservation & electric product supply. Every technical expert has thorough knowledge of energy conservation and expertise of proper implementations/monitoring with latest technology.

Electrical Products supply work:

NEC is well equipped with world class infrastructure and manpower who are well informed with latest marketing trends to deal and supply all electrical products as per requirement of customers and demand of the market. We also have appointed highly experienced supervisors who supervise all products procured by our company to ensure complete satisfaction. The essence of **NEC** success lies in the expertise of its fine team of professionals, strong relationships with associates and the ability to adapt quickly and efficiently, with the vision to always think ahead.

We supply latest and genuine variety of **electrical goods**. We also distribute and deal electric items like Industrial Switchgears & Cables, Rotary Cam switches, Interface relay/passive module, Pluggable relays & sockets, Power supply, Connectors and Control & signaling devices in metals/plastic like Push button, Tower light, Indication Lamp, rocker switch & revolving light. Units A.C. Boxes, Panel Board Items, Single phase preventers, Micro Switch, Limit Switch & all hard items to get items. We also deal in CTPT Units, Electronic Meter LT and HT, PLC & HMI and various types of sensors. We are also stockiest of these items. We are also supplying every electrical and panel items other than our dealership items. With wide experience and knowledge in dealing electric goods, we are confident of meeting our client expectations and requirements and at most competitive rates compare to the dealers in the market.

Our Services:

Industrial Electrical Goods & Panel Accessories

Brands We Deal in:

Imported Items

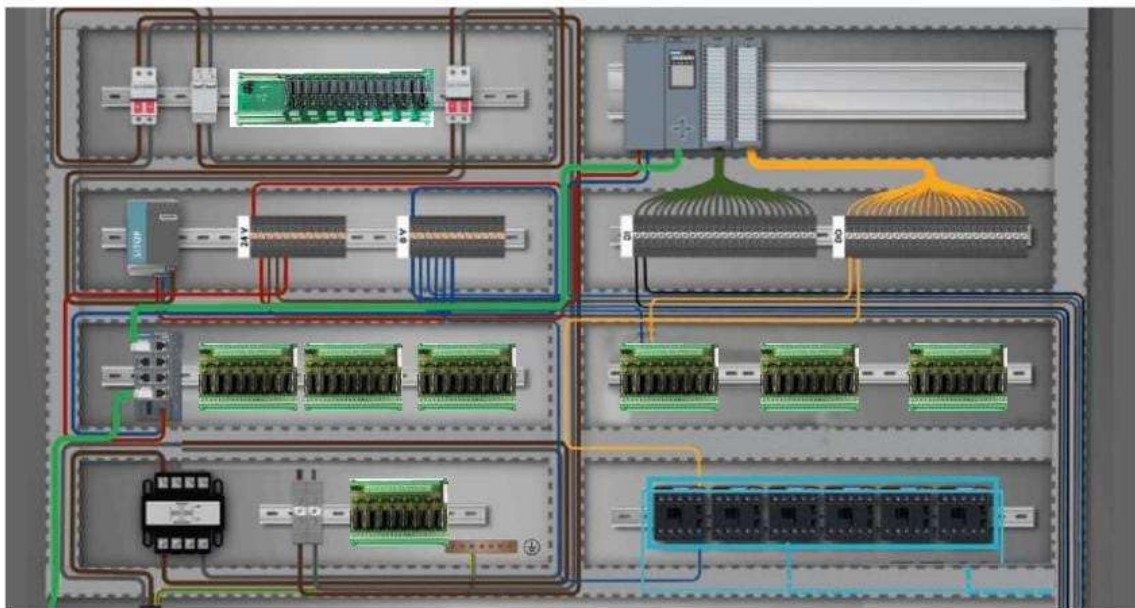

Agility Elektrotekniks Private Limited

Agility Elektrotekniks Pvt. Ltd founded in 2014 and its principal business activities comprises distribution of electronic & electrical components, electronics manufacturing services and assembling of cables & electrical control boxes / panels. Agility is one of the key franchised partner as electrical & electronic components distributor of premium manufacturers for electrical & electronic connectors, electro-mechanical & solid state relays, switches, push buttons, cables, cable glands, tools, enclosures and wire management systems. Agility has its own relay interface modules & electronic device manufacturing facilities along with cable assembly & assembly of control boxes/panels and is offering customer-specific, high-quality solutions.

Relay Interface Modules- Agility offers complete range of Relay Interface Modules starting from 1 channel to 32 channels, 1C/O, 2 C/O, 4 C/O, Passive Modules with FRC, D-Sub, ELCO/EDAC connectors. Our Relay Interface Module range consists DC /AC coil relay cards, is also have the options like fuse and LED indicators.

We introduce electro-mechanical relay cards with sealed relay to provide the protection from dust, cotton particles and salty environments in DC / AC coils. We also have the complete range of Solid State Relay Module that includes directly soldered modules starting from 1 channel to 8 channels DC/AC output along with fuse protection and LED indication. We also introduces relay module with pluggable SSR with same foot print as G2R Relays.

Our CNC Module range having the spring as well as screw terminals. Our CNC modules also provide the flexibility to replace the Electro-mechanical with Solid State relays or vice versa on same module.

Electro – Mechanical Relay Module

Available in 1/2/4/8/16 Channels
SPDT, DPDT and 4PDT
Coil Voltage DC and AC
With Screw/Screw less modules
With Fuse and Fuse Fail Indication

Electro – Mechanical (Slim) Relay Module

Available in 8/16 /32 Channels
SPDT Coil Voltage DC With Screw

Slim solid state relay Module

Available in 8/16/32 Channels
Input Voltage 3-32V DC
Output Voltage 3-50V DC/24-280V AC
Rated Current 5A for DC/ 3A for AC

Solid State Relay Module

Available in 1/2/4/8/16 Channels
Input Voltage 3-32V DC
Output Voltage 3-50V DC/24-280V AC
Rated Current 5A for DC/ 3A for AC

Compact Relay Module

Available in 1/2/4/8/16 Channels
Coil Voltage 5/12/24V D

Passive Modules

FRC Connectors in 4/16/20/26/34/40/50/60/64 Pin
D-Sub Connectors 9/15/25/37/50 Pin Male & Female
ELCO connector with Screw Terminals, Spring
Terminals on Request

Utility Module for Panels

A Junction Box for Panel Lighting and Fan Load
230VAC and 110VAC
Additional 5A in built Socket

Diode Module

Available in 10A /20A
Screw Terminals, Spring Terminals on request

Digital Input /output module for PLC I/O Cards

Available in 8 and 16 channel
Slim Module in same configuration is also available
DI/DO modules with FRC and D-Sub

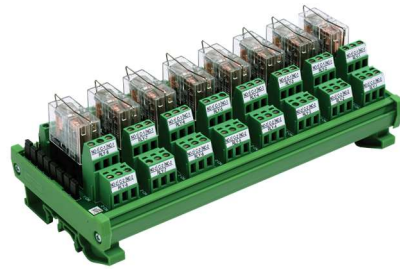

CNC Module (EMR/SSR)

Designed for interfacing CNC Machine controllers
Having 24 inputs and 16 outputs with System
Peripherals.
Available with Fuse/Fuse Fail Indication
With Screw/Screw less Terminal blocks

Cable Assembly

Pre-fabricated round cables (shielded/ non shielded)
Cable with FRC Connectors in 10, 14, 16, 20, 26, 34,
40 and 50 Pins.
Cable with D-Sub Connectors 9, 15, 25, 37 and 50
Pins.
Customized Length

Interface Relay Module & Interface Passive Module

General Purpose Relays /Power Relays

Contact Form –SPDT,DPDT, 3PDT,4PDT / DPDT,
3PDT,4PDT

Switching Current 3A-15A / 7.5A-15A

DC and AC coils,

Built-in LED / Diode

MY-GS, MKS, LY, G2RS, MY4H / MK-S(X), MM

Switches & Sensors

Basic, Detection, Door /Power Switches

Door Switches available in plunger and lever as the actuator type.

Door Switches are snap-fit attachment for easy installation.

Door Switches are available in black and white Colors.

Tactile / Rocker /DIP Switches

SMD Type, Connector Type- Snap in / Screw Mounting,

Terminal Type Photomicrosensor

Power Supply

S8VK/S8FS

Output Voltage 5V DC-48V DC

Universal Input

Available in 1 Phase

Available with DIN Bracket

Light Curtain

F3SJ Series

Three versions available to meet your exact safety needs.

All versions conform to the latest PLe/Safety Category 4 and SIL3 requirements.

Control Components

Controllers

Timers

Counters

PCB Power Relays

Contact Form –SPDT / SPST / DPDT

Switching Current 5A-16A

DC and AC coils,

G2R, G2RL, G5Q, G5NB, G5LE, G6B

Signal Relays

Contact Form –SPDT / DPDT

Switching Current 1A-3A

G6A, G5V-2, G6S

PLC/HMI

PLC SERIES CP1E/CP2E/ZEN

Efficient solution for a flexible production Traceability and monitoring of machine key assets

Improved connectivity

Reduced development time

Battery-free operation

HMI SERIES NB7W/NB10W

The future-proof, compact HMI

Pleasant to program

Appealing to see

Enjoyable to use

Select Switches select An ISO 9001:2008 Certified Company

INTRODUCTION

M/s PP industries, is a reputed manufacturer of electrical / electronic control gear products like Rotary Switches, Cam Switches, Indicating lamps (22.5 mm), Micro Switches, Toggle Switches and Current transformers. We have our manufacturing facilities in Mumbai with our own tool room, plastic molding shop, assembly and testing facilities. All required tooling and moulding is done in house to develop and manufacture our products with the highest level of reliability and aesthetics. Our products are manufactured as per IEC-60947-3-1990 certified by ERTL / CPRI and carry mark philosophy is based upon the building partnership with all our team members, customers, suppliers and the overall society for mutual interest.

TECHNICAL DATA

A) Rotary Cam Switch S Series and TP Series:

- Rating: 6A, 10A, 16A, 25A, 32A, 40A, & 63A
- Also available in 100A & 200A
- Double break contacts for effective switching
- Wide range switching programs for all applications
- Front base or DIN Rail mounting with options of front plates, knobs.
- Wide range accessories & mounting possibilities and multiple utility and applications

B) Breaker Control Switches: rated for 16A/25A 690V C)

C) Micro Switches: 50 to 400gms operating force with various lever / roller configuration. D)

D) LED indicators: Available in 22.5 Ø with 12V AC/DC, 24V AC/DC, 48V AC/DC, 110V AC, 110V DC, 240V AC E)

E) Toggle switches: 6A, 10A & 15A F)

F) Current Transformers: 30/5A up to 2500/5A

:Phoenix Contact

Phoenix Contact is a strong partner for creative solutions in the fields of connection technology, electronics, and automation on the path to a smart world. As a group of companies, Phoenix Contact is global market leader based in Germany. With a global network reaching across more than 100 countries with over 17,400 employees, we maintain close relationships with our customers, something we believe is essential for success. **Phoenix Contact** deals in products like Automation Software, Clouding Computing, **HMI & IPCs**, Industrial Communication, PLCs and I/Os, **Board-to-board connector**, Connectors & Cables, **Distribution blocks**, Electronic housing, PCB terminal block & PCB connector, **DC/DC Converter DC/AC Converter**, Device circuit breaker, Interference suppression filters, Power distribution & Power supplies, **Relays & Optocouplers**, **Safety relay modules and sensors**, Energy Monitoring etc.

Polycab Wires & Cables

Wide range of Wire & cable:

HT Cable:

3.3KV to 33KV

Aluminum Armoured Cable/E/UE

LT Cable:

Copper/Aluminum

Armoured and Unarmoured Cable

Range 6Sq.mm too 1000Sq.mm

Flexible Cable:

House wire Single core and Multi core cable available in FR, FRLSH, ZHFR

Solar cable

We have more than 100+ customer base in span of 21years.

More than our 100 are satisfied with our Electrical products supply

Mission: To become a global leader in Energy Conservation, Renewable Energy, instrumentation, process control by providing highest quality advanced technological products & services all over the country.

Vision: Become a dependable and trustworthy partner, dedicated to providing unmatched quality of instrumentation and process control products and services, which exceeds our customer's expectations each time.

Core Values: Integrity, Ownership and Accountability, Maximize Value, People Development, Reliable and Trustworthy Business
